Profile

Graphic designer with more than three years of experience, now moving into UX/UI.

I build brand identities from scratch and design websites, from the logo and the design system to a working page. In Figma I work with components and auto layout, and I use AI tools to turn my layouts into live sites.

Experience

ololo creative hubs, graphic designer — since 2024
Logos, social media visuals and print materials. I look after the brand identity and adapt it to every format it appears in.

Fashion Mall, graphic designer, project — 2025
Landing page, social media visuals and print materials for an event.

Shamal, graphic designer — 2022–2023
Landing page, social media visuals and print materials for an event.

Selected work

Tochka
Barbershop booking service, working prototype. UX/UI, motion, logo.

NodeCloud
Home page redesign for a GPU rental service. UX/UI, motion, logo.

ololoYurt
Website of an ethno-hostel and coworking in Bishkek. UX/UI, motion.

Biamino
Brandbook for an AI service: logo, colour, typography.

Education

KSUCTA named after N. Isanov — 2018–2021
Architectural Environment Design

Codify Academy — 2022
UX/UI design course

Skills

UX/UI design, brand identity and logos, design systems, typography, print layout, motion for interfaces

Tools

Figma, Adobe Photoshop, Adobe Illustrator, Adobe InDesign, AI tools
